How to Use This Book

As with the other books in the Books of Random Tables series, this book is meant to help game masters. Any game set in the 1980s or 1990s can be enhanced with the random tables found within these pages.

The game master can use these tables during preparation or at the table during a session. Roll on the tables to get details, or have your players roll during a session. The choice is yours.

The book is arranged into seven sections: Items & Things, NPCs, Names, Adventure Ideas, Real People, 1980s, and 1990s. Here's a quick breakdown of each:

"Items & Things" contains several tables that add flavorful details to sessions. Some random tables include Items in an 80s Boy's Room, Items in a 90s Girl's Room, Items in a Car, Items in a Desk, and Items in a Safe Deposit Box. Plus, Ninja Weapons and Items to reflect the 80s Ninja craze.

The "NPCs" section holds hundreds of non-player characters GMs can add to their games. You'll find Cops, Fictional Heavy Metal Bands, and two hundred random people.

"Names" is the next section. Game masters always need names because players always ask every NPC what their name is. This section has Female Names, Male Names, Surnames, Soviet-era Spy Names, and even Mall Store Names.

The "Adventure Ideas" section consists of a single D20 table. This table has twenty 1980s and 1990s-inspired adventure ideas, each with three complications.

In the "Real People" section, you will find tables with hundreds of celebrities and athletes who were active during the two decades of the 80s and 90s.

The "1980s" section contains nearly a dozen random tables geared to give GMs details and information about the 1980s. For example, you'll find 80s Bands, 80s Books, 80s Cars, and more.

The "1990s" section serves the same function as the 1980s section, just for the other decade. Here are a few tables you'll find: 90s Bands, 90s Books, 90s Cars, 90s Clothes, 90s Movies, and more.

It is my sincere hope that this book helps inspire many adventures and lasting memories for you and your players. Now, get out there and have some totally awesome tabletop role-playing game sessions.
